☆Title :

Open the Door, and Meet the World! Friendship Project with Australia  
– Connecting Activities through Language

☆Presenter: Ms. Tomoko Ito (Japan)

☆Outline :

The lesson report from a public junior high school in Tokyo. My students often ask me, "Why do we have to study English?" My answer to it is "To help other people and to be helped by other people." In one word, it's communication. Then, all the activities in the English lesson can be real communication, not just a word test. I cannot teach communication, but I can provide opportunities for my students to experience communication. How? I'll report it.

☆Fee: Free of charge.
